Zustand	Pinia	C

WORK EXPERIENCE

HNG Internship — Frontend Developer (2025)

- Built a full ticket management web application using React and Vue.
- Developed landing page, authentication system, and ticket CRUD screens.
- Implemented reusable components and API-driven architecture.
- Ensured uniform design system adherence.
- Optimized UI logic, validation, and responsiveness.

Freelance — Sealine Tours (2024–Present)

- Built a full tour booking website (Sealine) from scratch.
- Converted Figma designs into a modern responsive UI.
- Developed hero, services, booking forms, and destination sections.
- Improved SEO, performance, and mobile optimization.

Freelance — Intense Fitness (2024–Present)

- Developed the Intense Fitness website with clean visual hierarchy.
- Implemented class schedules, pricing plans, and membership tiers.
- Built hero, gallery, and trainer highlight sections.
- Optimized page performance for speed and responsiveness.
